Garritan Concert & Marching Band™ 2

High-quality band instruments at your fingertips

Garritan Concert & Marching Band is an extensive library of concert and marching band sounds. It includes all the major brass, wind, drumline, and percussion instruments in concert bands, marching bands, and other types of ensembles and bands.

No sampler required

The entire Concert & Marching Band library is integrated with the ARIA Instrument Player and works as a virtual instrument. No need to purchase a separate sampler.

Band building

Build your own ensembles and bands the way you want. Garritan Concert & Marching Band provides sections and desks of instruments, and also individual solo instruments from which you can build your own bands. Create marching bands, concert bands, drum and bugle corps, symphonic bands, wind orchestras, wind symphonies, wind ensembles, drumlines, wind bands, military bands, British brass bands, and other types of bands.

Intuitive controls

Create great-sounding band music quickly and easily. Just load your instruments and play. Standardized controls allow you to become familiar with the library and master all the instruments easily. Play articulations in real time and get expressive human-sounding performances. Express your musical ideas fast and with minimal effort. This library is ideal as a compositional, arranging, and educational tool.

Universal format

Garritan Concert & Marching Band supports all popular formats, Mac and PC, as a standalone program or as a plugin (VST, RTAS, and OS X Audio Units), and works with supported notation programs. An entire marching band can be loaded on a single PC or laptop. Imagine a marching band anywhere!

System requirements

2.5 GB of free hard disk space.

DVD-ROM drive required for installation.

PC: Windows® 7, Vista® or XP®, Core Duo CPU or better.

Macintosh®: OS 10.5 or higher, Core Duo Mac Intel or better.

Hard drive speed of at least 5400 RPM.

A sound card compatible with ASIO (PC) or Core Audio (Mac).

A MIDI or USB interface may be required if using an electronic keyboard. A full-size keyboard with Mod Wheel and assignable controllers is highly recommended.

To play an entire concert or marching band, we recommend 2 GB of RAM or more.
